

NEW OUTWELL FURNITURE DESIGNS PROVIDE CAMPSITE COMFORT IN LUXURIOUS STYLE

New models, new designs and new colours feature in the 2019 Outwell Furniture Collection of stylish, superbly engineered solutions for discerning campers seeking the very best in outdoor comfort. And these ranges are not just for camping. Their smart lines and flexible use will ensure they're not tucked away at home but used on the decking, patios and in the garden on an everyday basis.

Leading the way are new designs in the latest Inflatable products and the new padded

Comfort furniture, plus additions to the upmarket Relax range.

The Inflatable Furniture range launched last year evolves into the new Air Delight range with the addition of entry level designs in a new dark green mix colour.

The Lake Albernel Inflatable Chair (pictured right), Lake Chamberlain Inflatable Sofa (pictured left) and Lake Evans Inflatable Ottoman (pictured main image) are all suitable for indoor and outdoor use and opens home-from-home inflatable comfort to more campers.

Living up to its name, the new Outwell Comfort Range of folding furniture delivers outstanding comfort in five chair styles with smart diamond pattern padded upholstery fabric over sturdy steel frames; all versatile designs feature arms and cupholders, and pack down into a carry bag for easy storage and transportation. The range comprises:

Lomond (pictured right) – a high back chair that features five easily adjusted back positions with locking function and neck support, small packed size and carry bag.

The Ullswater (pictured left) – a high back three-position chair with neck rest.

The Derwent and Serpentine (pictured below right) – mid-size chairs.

The Kielder (pictured below left) – an ergonomic folding chair that features a split back and lumbar support for superb comfort.

New to the popular luxury Outwell Relax range are the Kentucky Lake moon hair (pictured below centre right) – with its deep padded sides and adjustable neck support it's just the place to snuggle into with a good book. Or you can really kick back on the new Pinewood Lake freestanding hammock (pictured below centre left) with headrest and hook and loop adjustment – perfect for relaxing on campsites, on the beach or at home.
