

## OUTWELL BRINGS SCANDINAVIAN STYLE AND FUNCTION TO THE TABLE

Outwell Tableware offers family campers a choice of versatile options to share meals on site using a wide selection of products that look as smart at home as they do on the campsite.

The Scandinavian brand's drive to innovate has led to even more inspired designs for 2019 in a wide range of contemporary colours where form and function are matched with style and quality to enhance the close-to-nature experience modern campers demand. Versatility is key in

delivering home-from-home comfort and convenience to any camping unit, with practical designs that cope easily with the varied demands of life outdoors.

This is epitomised by the all-new versatile Beverages range that brings a delightful pastel colour pallet to soften the tough, quality stainless steel and aluminium materials used. The new products provide a neat solution for hot and cold drinks around the campsite or on the move, with size and performance ensuring options to suit every camping family. The Beverages range includes:

Remington Vacuum Flasks (pictured right) – medium and large sizes bring hot liquids and style to the dining table.

Gilroy Vacuum Mug (pictured left) – two sizes to keep your brew hot while travelling.

Wilbur Vacuum Flasks (pictured right) – to keep drinks hot when the mug just doesn't hold enough.

Calera Flask (pictured bottom left) – don't buy bottled water but fill up your stylish stainless steel flask to save money and the environment.

Manley Espresso Makers (pictured bottom right) – for that caffeine hit.

Such choice and aesthetics continue into the lightweight, durable and cool Lotus Bamboo dinner and salad sets, and Daisey, Jasmine and Blossom high grade Melamine tableware for two to four people. Your favourite mealtime tipples are even brought to the table in elegant new durable and safe Polycarbonate glassware.
