

NEW EASY CAMP SLEEPING BAGS ADD EVEN MORE GREAT VALUE SCANDI APPEAL

Camping, travelling, at outdoor events or on weekend visits to family and friends – if you need to stay out overnight then Easy Camp aims to offer a selection of reliable, warm sleeping bags that ooze appeal and offer great value for money. And 2019 sees the Scandi brand bring out two new ranges and funky children’s bags to provide even more choice to ensure you get a good night’s sleep.

The Astro rectangular sleeping bag delivers versatile entry level performance that’s ideal for new campers. The polyester fibre insulation is held in a smart polyester shell with the inner lining brushed for next-to-skin comfort, and it is rated for two to three season use.

The 1,250g Astro (pictured right) measures 210cm x 75cm with a body length of 195cm and features an auto-lock two-way zip, allowing ventilation options and the ability to open fully for use as a duvet or comforter. It comes in two colour options – Black and

Red – and is supplied with a stuff sack.

Cosy comfort is enhanced by the mummy design with snug-fitting hood of the 1,300g Callisto sleeping bag (pictured below left) that offers plenty of style thanks to the embossed ripstop polyester. The brushed polyester lining supplies next-to-skin comfort and the polyester hollowfibre insulation makes them ideal for two-to three season camping trips.

Measuring 210g x 80cm, with a body length of 190cm, the Callisto is packed with features, the auto-lock two-way zip allows two Callisto sleeping bags to be zipped together to form a double. The Callisto comes in Blue and Grey.

Striking prints and simple style make the popular range of Image Kids sleeping bags ideal for one to two season camping, sleepovers and outdoor events. Children love the fun designs with their bright colours and humour combined with the brushed polyester lining and warm polyester fibre insulation for cosy comfort. The duvet style is enhanced by the full-length, two-way, open-ended zip allowing the sleeping bag to be opened as a comforter. New images include Cuddly Koala and Sleepy Stargazer (both pictured right).

The new sleeping bags join the existing, popular ranges that include easy care travel sheets. These add comfort as well as convenience, reducing the need for campers and travellers to wash their sleeping bags.

Easy Camp is a registered trademark.

**RRP:** Astro Black and Red £30.99: Callisto Blue and Grey £33.99: Image Kids £28.99

**Temperature and season ratings** – All our adult sleeping bags are tested to EN13537. To determine temperature limits of sleeping bags objectively, the European Standard EN13537 on requirements for sleeping bags specifies the use of a computer-controlled thermal manikin similar in shape and size to the human body. A sleeping bag containing a manikin is placed inside a temperature-controlled climate chamber and tested in accordance with a prescribed procedure to determine the thermal insulation properties of the bag.

Recommended temperature limits are based on the insulation properties measured and on knowledge of how the human body reacts to thermal conditions during sleep. (All double bags are tested with one manikin only and therefore the temperatures are most likely to be different from the one stated if two people are using the bags).

On each of our sleeping bags we quote the recommended temperature ratings for the following:

**Tcomfort** – lower comfort limit in standard use (woman)

**Tlimit** – lower limit when curled up in standard use (man)

**Textreme** – lowest extreme temperature for survival (woman)

Astro – Tcomfort 9°C, Tlimit 5°C, Textreme -8°C

Callisto – Tcomfort 5°C, Tlimit 0°C, Textreme -15°C

We also give every Easy Camp sleeping bag a season rating as a rough guide to its potential use. These are:

Season 1 For use in the summer months only

Season 2 For use from late spring through to early autumn

Season 3 For use from early spring through to early autumn

Season 4 For use throughout all seasons but more suited to colder conditions
