

## TWO NEW TENTS AND VERSATILE TARP EXTEND EASY CAMP GO OPTIONS

Let the adventures begin. Easy Camp has introduced two new tents and a handy versatile tarp to its GO range. The additions offer yet more choice to the range that's popular with anyone looking for great value tents to open new horizons. Perfect for trekking, cycling, kayaking and life on the campsite...

The two Magnetar tents ooze practical appeal and reliability in two and four berth models that add value to the range's focus on lightweight camping trips and bases for outdoor pursuits. Both Magnetars appear in Rustic Green while the 200 adds Steel Blue to the choice.

The 200 (pictured right) and 400 (pictured below left) models are easy and fast to pitch thanks to the tunnel design. Each is made from fire retardant PU-coated polyester held up by fibreglass poles, and pack down into a convenient small size.

Entered by a side door, the extended porch provides ample space for storage and food preparation. Front and rear vents allow the adjustment of air flow to minimise condensation

while the Sleep-Tight inner reduces light entry to enhance sleep quality. Other features include organiser pocket and lantern hanging point.

Finally, you'll love the many ways the versatile Void Tarp (pictured below right) can be pitched to offer simple shelter for your life outdoors. Its 3x3m lightweight, durable fabric takes up little space when packed and the two sturdy 2m poles each break down into four sections.

Tent extension, picnic awning, bushcraft camp shelter...You'll be amazed at how useful this tarp can be on solo jaunts, with your friends or on family outings and holidays.
