

## PICK UP A PENGUIN – TOUGH NEW COOL BAG FROM OUTWELL

Fill with food and drink and throw into your vehicle. The new Outwell Penguin range is designed for adventurous days out and camping trips that demand tough, easy stacking cool bags to withstand the hard use experienced during daily outdoor life.

The range comprises 25-litre L (pictured left and bottom right) 15-litre M (pictured right) and six-litre S (pictured below left). All are made from rugged polyester with an easy-care PVA lining – welded seams provide a waterproof finish. Two sturdy, comfortable handles wrap around the cool bag body for the added strength needed when pulling a full cool bag in and out of a vehicle.

A sturdy twin-zip lid provides wide U-shaped access to the main compartment and all Penguin cool bags are well insulated using 20mm EVA foam. As in keeping with all Outwell cool bags, the range insulation is independently tested to BS EN12546-2:2000 and is rated to keep contents cool for 13 hours using an 800ml Ice Block – ideal for days out and overnight trips.

Convenient external mesh pockets are standard to the range and the soft sides ensure the cool bags take up little storage space when empty.
